

We care for your employees like we care for our employees: Like Family

It's one of the many reasons we were voted one of Florida's Best Places to Work, 2011

Happy People Helping Your People

We are honored to be voted one of the Best Companies to Work For in Florida. We've always felt that our employees are our greatest asset – and earning this distinction serves as an important reminder of the dynamic family environment we have within our team.

We consistently earn best-in-class customer service results, fueled by our mission to improve the lives of those we serve. **The key is treating our members like we treat our employees: like family.**

Every one of us takes personal pride in our business and in the satisfaction of our clients. Our internal culture is unique and we share that enthusiasm with our

members. We strive to provide service that is *Always Above the Horizon*.

“Companies that retain the best employees with strong workplace programs typically stand out from the crowd by offering exceptional customer focus from a friendly, upbeat staff. It's our pleasure to recognize these great organizations in building Florida's competitive advantage,” said Florida Trend Publisher, Andrew Corty.

Further highlighting our commitment to excellence, we applied for Health Utilization Management Accreditation from URAC, a health care accrediting organization that establishes quality standards.

“On behalf of the City of Plantation I would like to congratulate Solstice for being recognized as one of the 2011 Best Companies to Work For. This recognition is an honor not only for Solstice, but also for our City. Florida Trend is a magazine read throughout the United States and internationally, so the positive message presented by your business travels far.

To receive this award, you must offer an above average positive work environment for the staff which is enjoyable, productive, trusting, and allows for new and creative opportunities to expand their ideas and knowledge. This requires strong leadership and visionary planning.”

- Diane Veltri Bendekovic
Mayor, City of Plantation
